1000 FT. Manual Stretch Film

S18C50P1000XN

Description

Reyma's Stretch Film is manufactured with high-quality polyethylene, providing essential features like strength, puncture resistance and cling properties when hand-wrapping pallets, boxes and irregularly shaped items, improving load stability.

This high-performance packaging solution is designed for securing and protecting products from dust, dirt and moisture during storage, transport or retail display. Its transparent composition allows easy product identification and barcode scanning.

·Case includes 4 Rolls.

·Ideal for warehouses, retail distribution and manufacturing lines.
